Campus Map of Location:

Possible Dinner Location Ideas outside of Lafayette that people can consider for dinner, either the night before the event or the evening of:

- [College Hill Tavern](#) (CHT) is a great option right across the street from the Lafayette Inn; the food is quite good. It might make a good choice for after the event for a drink and some food.
- Just about the only other "real" restaurant on the Hill is [Hana Sushi](#); it's newer and is decent and is extremely close to campus.
- Depending on who is around either the evening before or the evening of the event, we could possibly plan for a dinner downtown (though it seems like there aren't that many people from out of town coming). There are several options for this, including [River Grille](#), [Mesa](#), [Third and Ferry](#), [Sette Luna](#), [Two Rivers](#), and more.
